IRELAND & UK TOUR 2027

Special guests: Joe Hermes and Trackside

US Hardrock/Alternative Metal band Lansdowne announce 2027 Ireland & UK Tour

Following a standout year of touring, three consecutive Top 5 radio singles and the release of their album Wish You Well, Lansdowne have announced a ten-date headline tour of Ireland and the United Kingdom for February and March 2027.

Presented by Karsten Jahnke, the tour marks the band's first-ever Irish appearances and a much-anticipated return to UK stages. Joe Hermes and Trackside join as special guests throughout the run.

With new music joining established fan favourites, the shows promise the hard-hitting riffs, massive choruses and full-throttle performances that have fuelled Lansdowne's growing international following.

"The UK helped build this band. You were a driving force behind our early growth online, sharing our music and taking it further than we could have on our own. That support helped change what was possible for Lansdowne, and we've never forgotten it. Coming back with new music and playing for the people who helped get us here means a hell of a lot. And getting to play Ireland for the first time is going to be incredible. There's nothing like that first night in a new country, finally meeting the people on the other side of those streams. We're bringing everything we've got."
