The Jubilee Concert

Wolfgang Haffner – 50 Years on Stage & 60th Birthday

"The Jubilee Concert"

Wolfgang Haffner is one of Europe's most distinguished jazz musicians – a world-class drummer who celebrates two remarkable milestones this year: his 60th birthday and 50 years on stage.

With over 4,000 concerts in more than 100 countries, appearances on around 400 albums, and two ECHO Jazz Awards, Haffner's career reads like an international success story. His collaborations span an extraordinary range of artists, including Al Jarreau, Chaka Khan, Pat Metheny, Gregory Porter, Bill Evans, Klaus Doldinger, Hildegard Knef, Nils Landgren, Nightmares On Wax, and Die Fantastischen Vier. Known for his unique style, musical versatility, and impeccable sense of groove, Haffner is among the most sought-after drummers worldwide.

To mark this special occasion, Wolfgang Haffner invites audiences to a celebratory concert with his long-time musical companions Simon Oslender (keyboards) and Thomas Stieger (bass). Together as the Wolfgang Haffner Trio, they present highlights, new compositions, and pivotal works from a one-of-a-kind career.

"The Jubilee Concert" is a musical celebration – of Wolfgang Haffner himself, his audience, and the unifying power of jazz.
